

Work Experience Policy

IMPORTANT NOTICE REGARDING WORK EXPERIENCE

Please read this notice.

Please be aware that completion of your PCN Application forms is your responsibility.

From 1st December 2014, if you are claiming work experience you **MUST** record this on PCN form PSL/30 (located at the back of the PSL/57A application form) and it must be approved by a supervisor who is qualified in the same method. The supervisor's certification must also be attached to the PSL/30.

If the PSL/30 is not fully completed and the supervisor's certification is not attached, your results notice will show that you do not meet the eligibility requirements and PCN will not issue you with a certificate. You will then have to apply direct to PCN and complete a PSL/57C for experience gained following examination which will incur additional costs.
